9 effective skin care tips for lovely teenager girls!

If you are a teen, that's normal if your skin is breaking out, but don't worry! We have some tips for you.

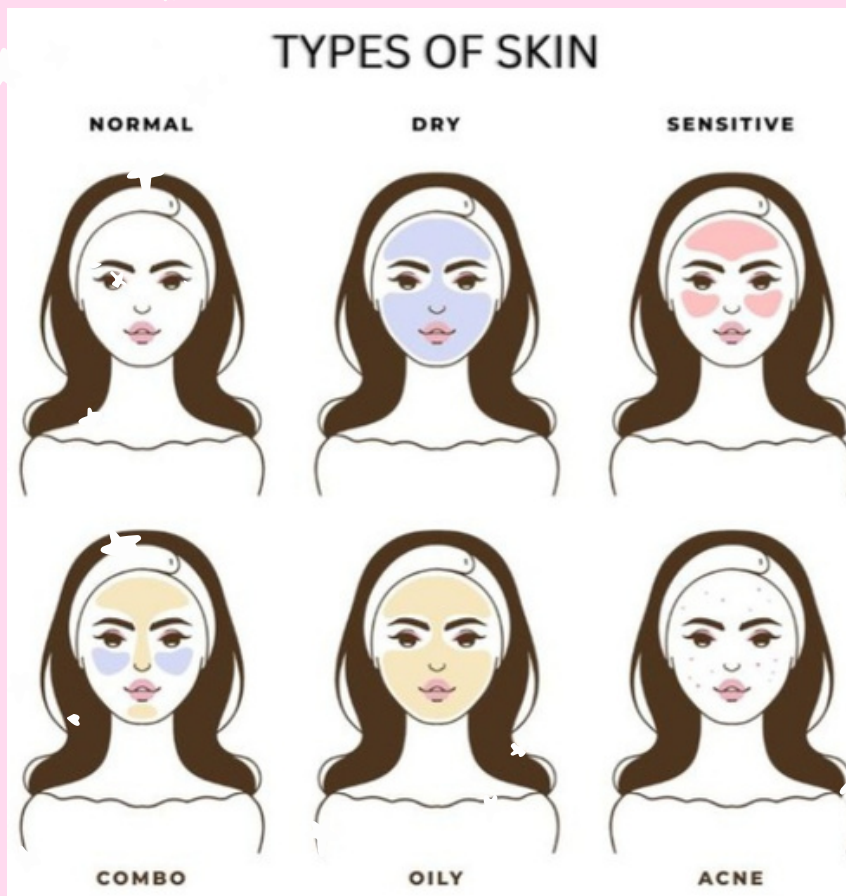

1. Use a gentle cleanser. Don't scrub harshly, instead, use circular motions and make sure to wash every inch of your face.
2. Moisturize your skin. That will help your skin to be nice.
3. Treat acne. If you have acne use some specific products.
4. Protect your skin from the sun.
5. Take care of your lips. Use some lip balm.
6. Use hand cream for dry hands.
7. Wash off your makeup before bed.

That is important if you want a smooth glass skin.

8. Choose the right products. Always look at the brand.
9. Personal tip: ALWAYS wash your body, your teeth, and after that, use deodorants and perfume.
